## FLOYD COUNTY. IOWA

Floyd County is in the northeast part of the state. The first settlement was in 1850 in the east part of the county by Josepy Kelley. The county was organized in 1854.

According to the Atlas of Iowa by Andreas the first marriage license was issued Feb. 2, 1855 to Wesley S. Ames and Delila Castleman, but the records sent in to us have marriages from 1854.

The marriages from 1854 to 1858-3-23 were sent in and are in Volume 8, D. A. R. records.

The marriages in this volume begin Sept. 15, 1854 and end July 22, 1880, a total of 1958 records, and were sent under direction of Mrs. McCray of Charles City.

There is one cemetery record, that of Riverside Cemetery at Charles City in Volume 7, and was sent in by Mrs. W. I. Frederickson of Charles City.

The marriages in this volume were prepared and typed by Miss Harper and Mrs. Imogen B. Emery of Cedar Rapids, under the direction of Mrs. Myrtle Hardenbergh Miller, Atlantic, Iowa, State Chairman.

The compilers have tried to copy these records accurately but the researcher must take into consideration that errors may occur, and should send to the County Clerk at Charles City if there is any question.

The abbreviation (lic) refers to the date of license. If a name is questioned either a question mark (?) is placed by the name or a letter is underlined and the supposed letter placed nearby and underlined.

The researcher should look for all possible spellings of a name. Ex., Bungardner - Bomgardner

## HUMBOLDT COUNTY IOWA

These marriages from Sept. 24, 1853 to Jan. 1, 1881, were copied and sent in by Mrs. Lucy (R. F. ) Oestrich, of Humboldt, Iowa. There are 341 records.

The records have been typed by Mrs. Lorraine West Tobias under direction of Mrs. Myrtle Hardenbergh Miller, Atlantic, Iowa, State Chairman, 1933.

Fourteen cemeteries are in Volume 10, and were copied by Mrs. T. G. White and Mrs. Dale Frazer.

It has been the aim of the compiler to copy the records correctly and it is hoped no errors have occurred. The original records are in the office of the County Clerk at Humboldt, Iowa.

The abbreviation (lic) means date of license. If a name is questioned by the compiler, either a question mark (?) is placed by the name, or a letter is underlined and the supposed letter placed nearby and underlined also.

The researcher should look for various spellings of a name, ex., Berkum - Birkum

# HUMBOLDT COUNTY IOWA MARRIAGES

A copy of the marriages in Humboldt County, Iowa, from the beginning of the records, August 9, 1858 to Jan. 1, 1881, as nearly as I could make them out. They were not kept in rotation, as nearly as we could make out the notes were kept and then recorded when the Clerk or Minister could get to the court house; many of them were not complete but we took all dates as correctly, and copied names as correctly as possible.

Mrs. Lucy A. Oestrich, Humboldt, Ia.

## WAYNE COUNTY IOWA

Wayne County is in the southern part of the state. The first settler was H. B. Duncan who settled on, 1841, what was later the town of Lineville. See page 411 in Atlas of Iowa by Andreas, and county history, for further date. The county was organized in 1851.

The marriages from 1851 to 1859-5-15 are in Volume Five of the D. A. R. records. They were copied by Florence Silvernail.

The marriages on the following pages were done by the P. W. A. under direction of I believe they started at the beginning but am not sure. They end July 1, 1880.

The marriages in this volume were typed by Mrs. Marjorie Pardee Pigsley of Atlantic, Iowa, under direction of Mrs. Myrtle Hardenbergh Miller, State Chairman Genealogical Records.

The cemetery records from Wayne County are in Volume Nine. There are records from 26 cemeteries.

The compiler has tried to copy these records accurately but the researcher must take into consideration that errors may occur, and should send to the County Clerk at Corydon if there is any question.

The abbreviation (lic) means date of license issued. If a name is questioned either a question mark (?) is placed by the name or a letter is underlined and the supposed letter placed nearby and underlined.

The researcher should look for various spellings of a name, ex., Bomgardner - Bumgardner.

There is one marriage in which only the woman's first name is given, that of J. D. Finch and Hester J. 9-10-1863.
